

**sage** One

# Online Accounting

For small, growing businesses

Perfect Business Solution Services (Pvt) Ltd

# Why Choose Sage One?

## Flexible

Completely hosted online so you can access your business management software anywhere, anytime. All you need is an internet connection.

## Support

Need a helping hand? No problem. Simply give our support team a call or send them an email and we'll help you for free.

## Compliant

Sage one helps you to always be up to date with the latest in legislation.

## Secure

Because it's online your data is always secure. No back-ups needed. Plus our password encryption is world-class.

## Simple

Online accounting could not be simpler. Our software is written in easy to understand, everyday language - anyone can use it.

# Why use Sage One Accounting?

## Simple invoice & Expense Management

Recording your expenses & invoices has never been easier! Our customisable professional invoices gives your company a professional image to impress your clients.

## Customisable Dashboards

Nothing is more important than knowing that your business is on the right track. With our customizable dashboards, you gain an instant understanding of how your business is performing anytime.

## Manage your Contacts

Manage your customers and suppliers easily.

## Invoicing and Expenses App

Do you spend hours capturing your expenses? A cool expenses App allows you to simply enter and snap an image of your expenses receipts. Your bank records and journals will be updated automatically. You can also generate quotations and invoices on the go from the App.

## Track Business performance

Utilize Sage One's selection of reports to help you to keep track of your business performance. Use the budgets feature to help you to compare your budget vs actuals.

# Simple, secure and affordable online accounting for small, growing business
